## About Us

Volco Industries has been in the industry for a long time, catering to the requirements of its customers with utmost sincerity. Formed in 1999, we have earned a prominent position in the industry because of our quality Glass Epoxy and Glass Polyester. For more than 20 years, we have been at the forefront of precision-engineered glass epoxy products market.

We are a customer based company, which strives for continuous improvements across our operations such as quality, packaging, delivery, and client servicing. We ensure to provide the best quality products and the most competitive price range to our customers.

We believe that ethical business practices are the building block of success, and therefore we conduct our business operations with fair practices and in the most transparent way.

## Quality Control

Having high quality in products is our priority. Therefore, we have adopted methods to reduce inaccuracies and production variability. We have built a large technologically updated manufacturing division to meet the industry standard in regards to quality of products. We have quality controllers who inspect things visually to observe surface imperfection and appearance. They also use machines, tools and devices to check the quality. There are various elements of our products that are thoroughly checked, some of them are accuracy of dimensions, tensile strength, impact strength and others.

## Client Satisfaction

Client servicing is one of the most important aspects of our business. Our goal is to earn total client satisfaction because with it, there comes loyalty and repeated orders.

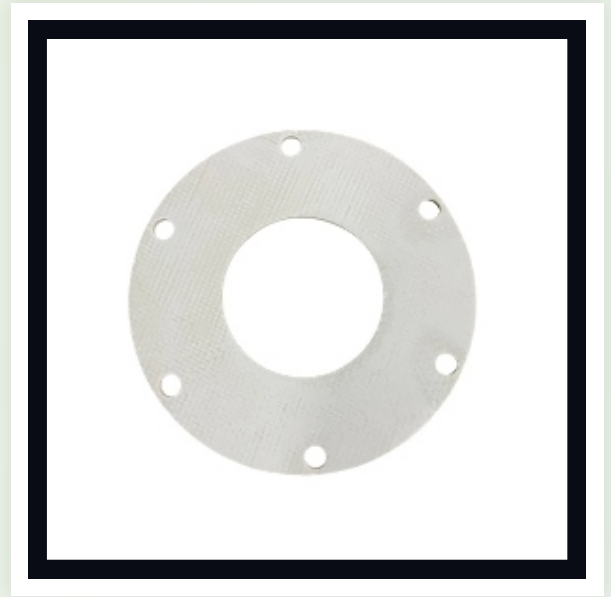

We give stress on developing fruitful relationship with our clients. We attract and retain customers to us by providing them supreme quality of Glass Epoxy and Glass Polyester. Some other attributes of our enterprise that play crucial role in client satisfaction are:

- ✿ Every client has some values, individual perceptions, preferences, needs and buying behavior, we try to understand them.
- ✿ We always strive to improve the quality of our service, products and product prices to earn customer loyalty.
